ROOM							
FLOOR 1							
Hall A		OS: Strategies for Knowledge Translation and Implementation		OS: Strategies for Knowledge Translation and Implementation		Plenary 6 and Closing Session - From global evidence to local impact	
FLOOR 2							
Exhibition			AM Coffee Break		Poster session / Lunch		PM Coffee Break
Hall G5		WS: Generating contextual information to inform development and adaptation of clinical and public health guidelines		OS: Strategies for education and leveraging technological advances	Flash Presentations - Strategies for Knowledge Translation and Implementation		
Hall G6		WS: Mobilizing the Evidence Synthesis Community Around Planetary Health: Challenges and Opportunities		OS: Leadership and Stakeholder Engagement Approaches	Flash Presentations - Bridging Global Evidence to Local Impact, Especially in Low- and Middle-Income Countries (LMICs)		
Hall G7		WS: Effective Artificial Intelligence for faster and cheaper gold-standard evidence synthesis		OS: Exploring the Impact of Environmental Factors on Health, Social Welfare, and Wellbeing			
Hall G8		WS: An opportunity to pilot QUADAS-3: updated tool to evaluate risks of bias and applicability concerns in diagnostic test accuracy studie		OS: Effective Evaluation Frameworks for Enhancing Lives through Research and Practice			
Hall G9		WS: Using AI tools to support storyboarding as a means of synthesis for qualitative evidence		OS: Embracing Open Science			
FLOOR 3							
Hall C1		WS: Catalyzing collective action for impact: Role of the Global Coalition for Evidence		OS: Maximizing research value and reducing waste			
Hall C2		WS: Leveraging off-the-shelf AI to facilitate title/abstract screening, full-text review, and data extraction		OS: Creating an Environment Conducive to Evidence Utilization in Policy and Practice			
Hall C3		OS: Guideline Development Strategies		OS: Promoting Wider Adoption of Evidence in Decision-Making			
Hall D1		SS: Optimizing independent evaluation evidence for maximum utility		OS: Measuring the Impact of Evidence and its Influence on Change			
Hall D2		SS: Evidence-based Education, Synthesis and Guideline development in Pedagogy		OS: Addressing Equity and Evidence Considerations			
Hall D3		WS: When an overview of systematic reviews is not enough - challenges in synthesizing evidence from both reviews and primary studies		OS: The Significance of Contextualizing Evidence			
Hall D4		WS: Integrating Randomized and Non-Randomized Studies in Evidence Syntheses Using GRADE		OS: Knowledge Sharing and Transfer across Policy Domains			
Hall D5		WS: Integrating findings of qualitative evidence syntheses (QES) with findings from intervention effects reviews		OS: Diverse aspects of Research Integrity and accessible evidence			
Hall D6		OS: Impact of artificial intelligence (AI)		OS: Effective Knowledge Dissemination			
Hall D7		OS: Promoting Wider Adoption of Evidence in Decision-Making		OS: Ensuring Research Integrity			
Hall D8		OS: Miscellaneous Topics within the Synergy in Evidence Synthesis & Synthesis Products Scope		OS: Educational Initiatives and Programs			
Hall D9		OS: Leadership and Stakeholder Engagement Approaches		OS: Advancements in Methodological Innovation			
Hall D12		OS: Enhancing evidence generation and synthesis in the context of Sustainable Development Goals		OS: Miscellaneous Topics under Advocating for Greater Evidence Communication & Usage			
Hall E1		SS: Using technology to make the Evidence Ecosystem more efficient and effective: global collaborations for interoperability		OS: Guideline Development Strategies			
Hall E2		SS: Using systematic reviews to make decisions about research: moving beyond health science		OS: Advancements in Methodological Innovation
