

## Global Evidence Summit 2024!

Welcome to the June edition of the Global Evidence Summit newsletter - only 83 days to go until we assemble in Prague!

The [organising committees](#) have been busy focusing on developing a [programme](#) which will deliver the most up to date, innovative and thought-provoking scientific content. The full programme will be available soon on the website.

### Registration

“Early Bird” registration is now closed, and we are delighted that so many of you took advantage of the discount. Standard registration is now open – register using the link below before 14 August to secure a spot!

### About Prague

Prague is the capital and the largest city of the Czech Republic, situated in the middle of Bohemia on the Vltava River.

It saw its first golden age under the rule of Charles IV in the 14th century. Prague was, at that time, the third largest city in Europe and witnessed something of an explosion in construction: Charles University, the New Town, the Charles Bridge, and Saint Vitus Cathedral were all built during this period. It took the city 11 centuries to get the look we know today.

You can find some useful advance travel info [here](#) on our website to help you plan your trip to this beautiful city.

During your visit for the Global Evidence Summit, why not take some time to explore this beautiful city filled with rich history, stunning architecture, and vibrant culture. Whether you're interested in historical landmarks, indoor cultural activities, outdoor adventures, or nightlife, we've got you covered - [visit the website](#) for all the info!

## Become a GES Ambassador

Become a Global Evidence Summit 2024 Ambassador or Exhibitor!

With the summit expected to attract over 1700 delegates, being involved will provide your organisation with a unique opportunity to engage with delegates from a multi-disciplinary and cross-cultural platform, and connect with a wide range of stakeholders, including prominent policymakers, leading academic researchers, clinicians and consumers from around the world.

If your organisation would like to be involved, please email [ambassadors@globalevidencesummit.org](mailto:ambassadors@globalevidencesummit.org)

## Need a room to meet colleagues during the summit?

We have secured several rooms for our delegates to utilise during the main scientific programme.

Meeting requests will be allocated on a first-come first-served basis and should be booked by 10 July 2024.

Please note that these meeting requests are for in-person meetings only, there are no hybrid options available.

## TDR Stipends – Deadline Approaching!

A limited number of scholarships are available to help cover registration, travel, accommodation, and/or other expenses associated with attending the Global Evidence Summit 2024.

TDR, the Special Programme for Research and Training in Tropical Diseases, is a global programme of scientific collaboration that helps facilitate, support and influence efforts to combat diseases of poverty.

It is co-sponsored by the United Nations Children’s Fund (UNICEF), the United Nations Development Programme (UNDP), the World Bank and the World Health Organization (WHO). TDR is offering a limited number of bursaries for applications from researchers wishing to participate in the Global Evidence Summit, based on the following criteria:

- Living and working in a LMIC.
- Attached to a university or public health institute.
- Contribution to the Global Evidence Summit programme by presenting a session or a poster
- Applicants not presenting are also encouraged to apply

[Apply here now](#)

Call for applications is now open and closes Thursday 20 June 2024, with recipients notified by 10 July 2024
